Now we're on a journey
Into darker times
See the man made mountains
Built for those divine
Walk into the twilight
In the land of the dead

Gods walked the earth
City of a thousand gates
They were kings from birth
That was their given fate

In the valley of kings
Where the echoes still ring
On the hot desert winds
In the valley of kings

Their souls are immortal
Within the after life
They're soaring through the portal
To be eternal light
Ruling without mercy
Reigning life on earth

Gods walked the earth
City of a thousand gates
They were kings from birth
That was their given fate

In the valley of kings
Where the echoes still ring
On the hot desert winds
In the valley of kings

Gods walked the earth
City of a thousand gates
They were kings from birth
That was their given fate

In the valley of kings
Where the echoes still ring
On the hot desert winds

In the valley of kings
