Yngwie Malmsteen
"War to End All Wars"

I'm ready for battle
I'm ready for war
Slaughtered like cattle
You Sons of Babylon's Whore
In a matter of time
Titans will clash
To put an end to your lies
And the world turns to ash
I must use The Force
In the War to End All Wars
War to End All Wars
There is no castle
I can't bring down
You will die faster
You fucking clown
In our complication
Someone must bend
My justification will come in the End

I must end this madness
I must use The Force
I must cure this sadness
In the War to End All Wars
I must use The Force
In the War to End All Wars
War to End All Wars
War to End All Wars
I must end this madness
I must use The Force
I must cure this sadness
In the War to End All Wars
I must use The Force
In the War to End All Wars
War to End All Wars
War to End All Wars
