Once upon a time when I was younger
On a hell ride without brakes
Nothing in the world could still my hunger
No matter what the stakes

I was the viking, saw the light
The force was rising, shining bright
I was the soldier without faith
The Black Star's glowing rage

Running wild, I was the wild one
Not a man, just a child
Running wild, I was the wild one
Wild, wild, wild, wild one
Not a man, just a child, running wild

Things were simple then, I had no worries
Never stopping for red lights
Invincible in mind, speeding through life
Just another bar fight

I was the viking, saw the light
The force was rising, shining bright
I was the soldier without faith
The Black Star's glowing rage

Running wild, I was the wild one
Not a man, just a child
Running wild, I was the wild one
Wild, wild, wild, wild one
Not a man, just a child, running wild

I was the wild one
Wild, wild, wild, wild one
Not a man, just a child
Running wild

Wild one
Wild, wild, wild, wild one
Not a man, just a child
Running wild

I was the viking, saw the light
The force was rising, shining bright
I was the soldier without faith
The Black Star's glowing rage

Running wild, wild, wild
Not a man, just a child
Running wild, I was the wild one
Wild, wild, wild, wild one
Not a man, just a child, running wild
