As the first sun rises  
To celebrate the joy of birth  
A boy is born and begins his walk  
Through the endless circle  
Starting on the bright side of the symbol  
He experiences the will to live  
And born to loving parents  
That would love him forever  
He feels safe in his personal paradise  
The only side of life that he knows

---

I've awakened, I'm alive  
I can finally see the light  
The vanished darkness and  
Their smiles so bright  
I've awaited, I've arrived  
To my first paradise  
That I'm living in advance

I'm guided away  
To the land where I belong  
I'm taken to a house  
To a new dawn

I open my eyes and wake up  
From a dream reflecting reality  
This constant feeling  
Of immortality  
Running down the stairs  
Without any fear  
What should I fear  
When love stands beside me?

A perfect life  
High in this sky  
I know I can fly  
In this ethereal sky

A perfect life  
High in this sky

I know I can fly  
In this ethereal sky

And everything seems  
Will last forever  
This perfect life  
Will it remain?
