Who dares to stop us
who dares to try
we'll rearrange your pretty face your mother will cry
The tribe is on the prowl
the tribe is here to stay
We'll break thru and enter no matter what they say

Jump up unite, join us for the prowl
You better start to roar, cuz we're hedding into war

Long lasting faith within
Never stop believe
Fused together by the wrath
Stronger than you'll be

Jump up unite, join us for the prowl
You better start to roar, cuz we're hedding into war

Gather the tribe in you
the tribe in you
the tribe wont stop til you lie face down

Hohoho hahaha
Come on and laugh you itty bitty dipshit
hohoho hahaha
laugh most, laugh last
hohoho hahaha
come on and scream you itty bitty dipshit
hohoho hahaha
war prowl, war roar

Who dares to stop us
who dares to try
we'll rearrange your pretty face your mother will cry
The tribe is on the prowl
the tribe is here to stay
We'll break thru and enter no matter what they say

Jump up unite, join us for the prowl
You better start to roar, cuz we're hedding into war
Jump up unite, join us for the prowl

You better start to roar, cuz we're heddin into war

Gather the tribe in you
the tribe in you
the tribe wount stop til you lie face down

Hohoho hahaha
Come on and laugh you itty bitty dipshit
hohoho hahaha
laugh most, laugh last
hohoho hahaha
come on and scream you itty bitty dipshit
hohoho hahaha
war prow, war roar
