In safety in numbers  
Waiting for my time  
Waiting to come in  
Only the patient wait in line  
Got a uniform  
A crush to keep me warm  
So come on come in  
There is safety in numbers  
We get whatever we please  
And when the record plays  
We're jumping to the sound of the 1 2 3  
In safety in numbers  
But there's nothing left to feel  
Killing all our time  
Mouthing every rhyme to the 1 2 3  
Ready to explode  
Scratching at the seams  
The ceiling cannot hold the weight of all our clashing  
dreams  
Found a brand new friend  
Holding back her hair  
So come on come on come on come in  
There is safety in numbers  
We get whatever we please  
And when the record plays  
We're jumping to the sound of the 1 2 3  
In safety in numbers  
But there's nothing left to feel  
Killing all our time  
Mouthing every rhyme to the 1 2 3  
It's all been said before  
With the patterns rearranged  
Found another song to sing  
And it's easy to remember now etcetera etcetera  
There is safety in numbers  
We get whatever we please  
And when the record plays  
We're jumping to the sound of the 1 2 3  
In safety in numbers  
Where there's nothing left to feel  
Killing all our time  
Mouthing every rhyme to the 1 2 3

And when the record plays  
Jumping to the sound 'til the floor caves in around you
