I didn't notice the sound of the kick at the door,  
I didn't notice the breath of the air in my face,  
I did not once look up into the rooftop sky,  
I didn't notice the feel that we always die,  
I didn't notice now the steady pass of time.

All the seas bursting up,  
The Queen rules the sidewalk,  
And now I noticed the face of three who didn't notice  
me,  
I didn't notice and assumed a God.

And there's a hole, in a hole, in a hole,  
In a,  
Down in a hole, in a hole,  
I fell right through the hole in you.

There is, nobody,  
Not real, not true,  
There is, nobody.

I did not notice you not being there at all,  
She enters the tale through a crack in the wall,  
I didn't notice the curl around her sleeve,  
I didn't notice the fire still burning now, deep.

Down in a hole, in a hole,  
You fell into the hole in you,

Not real, not true,  
There is, nobody,  
There is me,  
There is no you,  
There is, nobody,  
I did not use to be confused,  
But when I look, it's all I see,  
There is, nobody.

The daylight,  
Has ended,  
It's meanings,  
Surrendered,

The light, dead,  
It's not too late.

There is, nobody,  
Not real, not true,  
There is, nobody,  
It is not me,  
It is not you,  
There is, nobody,  
It is not me,  
It is not you,  
There is, nobody.

There is, nobody.
