down on this

(San Quinn)

(JT)

Back up in this game our dope is faulty

These niggas actin shady got they pistols in they
pockets

But these fools don't wanna play me they be

I been thinkin about this game that I'm spittin

Got homies on the block that pack they choppers and
put their hands up

in them leather minis

They won't hesitate to squeeze the trigger

They lay you out on the ground and go into your
pockets then they take

your figures

Aggravated aggression they niggas smoke with the
sesses (?) with Philly

blunts Garcia Vegas and them Smith-N-Wessons

Packin Tech-Nines these niggas actin fine then they
snappin

Can't trust no Fillmoe niggas in the middle of the night
then they

cappin

Gotta get away and I betcha they'll sweat ya

They'll get to the spot and grab they choppers and
drive around until

they catch ya

And then they buckin and blastin and fools be mashin
and dashin

Paper shortage on the block so fools be actin
scandalous
Comin up in this game these fools be faulty it's pitiful
Keep your game to a minimal this shit is critical
