Goody
goody
goody my love
I think of you when I see sunshine in the morning.
Goody
goody
goody my love
I dream of you and stars are bright
that's right

Yeah
goody
goody
goody my love.
I've lost my heart
what can I do?
Goody
goody
goody my love
I can't wait till tomorrow

Goody
goody
goody
goody my love
'cause I'm in love with you.

I found a girl
on my way to London town.
She walked alone
she was looking like an angel
I said "hello"
then we walked together
Goody
goody
goody
oh'
what what a day

Believe me
what I say:

Goody
goody
goody my love . . .
We had a drink
we went out to Jenny's Bar.
We had a dance felt each other close together
We had a kiss
had a touch and music.
Goody
goody
goody
oh' what a night

I need to hold you tight.
Goody
goody
goody my love . . .
Oh
I'm talkin' about Goody
Talkin' 'bout Goody
goody
goody my love.
