I'm a free thinker, and I know it all  
Just a loser, lonely tramp without a call  
Oh no, I enjoy the forbidden  
I'm the pusher of the miracle wine  
Blind believer of the latest headline  
Oh no, I enjoy the forbidden

I've got a big mouth  
I've only begun  
I'm thinking I'm ready

I'm not finished, always crazy  
Keep on fighting, not over and done  
I'm so revved up, looking for freedom  
I am ready to interrupt

I'm not finished, always crazy  
Keep on fighting, not over and done  
I'm so revved up, looking for freedom  
I am ready to interrupt  
I'm ready to interrupt  
I'm ready to interrupt

I'm the monster of the young generation  
Over dressed without an invitation  
Oh no, I enjoy the forbidden  
No commitments, I'm looking for you  
Alone on the stage without a cue  
Oh no, I enjoy the forbidden

I'm ready to interrupt  
I'm ready to interrupt  
You're gonna have to notice me now

I'm not finished, always crazy  
Keep on fighting, not over and done  
I'm so revved up, looking for freedom  
I am ready to interrupt

I'm not finished, always crazy  
Keep on fighting, not over and done

I'm so revved up, looking for freedom  
I am ready to interrupt

You know I'm a loudmouth  
You know I'm not yet done  
You're gonna have to notice me now

I'm not finished, always crazy  
Keep on fighting, not over and done  
I'm so revved up, looking for freedom  
I am ready to interrupt

I'm not finished, always crazy  
Keep on fighting, not over and done  
I'm so revved up, looking for freedom  
I am ready to interrupt

You know I'm a loudmouth  
You're gonna have to notice me now
