The snow starts to fall.
Me and My Taun-taun is lost.
Someone hear my call,
it's cold here at planet Hoth.
Han is nowhere to be found.
I've looked everywhere.
We were making angels on the ground.
I'm afraid he's been taken by the bear.

I need to find him
'cause we've made som holiday plans.

To travel light speed home for christmas,
gonna spend it with all our friends.
Daddy dresses up like santa,
and everyone is happy again.

We're caught in a wampa's cave.
He's decorating his roof.
I have to be brave,
and turn this wampa in to meat loaf.
We've got to get out
'cause we've made som holiday plans.

To travel light speed home for christmas,
gonna spend it with all our friends.
Daddy dresses up like santa,
and everyone is happy again.

I thought i heard a snow flake whisper:
"Fight your way out, you can't stay".
And i rememberd Yoda saying:
"Don't you be late for christmas"
Well Yoda, i'm on my way.

'Cause i'm travelling light speed home for christmas,
gonna spend it with all our friends.
Daddy dresses up like santa,
and everyone is happy again.
