(Long search)

Since ages ago, we have always searched.

(A leader)

For the one who will lead our troupes and save this world.

(Hero)

We need a hero, one who's hairy and brave.

(Non-shaver)

Who can fix a really old ship and never cares to shave.

Who could imagine, who could believe that the one we're looking for was a wookie from kashyyyk.

Get ready for a super hero

Get ready boys and girls,

Get ready for a monstrous show-BACCA

Chewbacca

(Chewbacca)

Others have failed, doing what he does.

(A hard task)

It's a task that is proven very hard but he's doing what he must.

(A father)

He's a born leader, a father and a son.

(Chewbacca)

He will lead us to victory and unite us as one.

Who could imagine, who could believe that the one we're looking for was a wookie from kashyyyk.

Get ready for a super hero

Get ready boys and girls,

Get ready for a monstrous show-BACCA

Chewbacca
