Fists land harder, than the
Shit you gave my heart
I'd rather see you drown,
Bury your ashes, with a brand new start

I'll cross my heart, and hope you die
You made a fool of me for the last time
For the last time

I'll take the dreams, you shattered
And set them on fire
You think you're something special, baby
You're a fucking liar

I'll cross my heart, and hope you die
You made a fool of me for the last time
For the last time

My friends are my arms, they hold me when I'm falling
My friends are my eyes, see my faults and make them
right

I'll be fine, I swear
Take back all you held from me

You'll never learn your lesson x2

I'll cross my heart, and hope you die
You made a fool of me for the last time
For the last time

You'll never learn your lesson
