Performed by Duran Duran)

Light a candle lay flowers at the door. For those who
left behind and the

ones who've gone before. But here it comes now. Sure
as silence follows rain.

The taste of you upon my lips and fingers in my brain.
Ever gentle as it kills

me where I lay. Who am I to resist? Who are you to fail?

Reff:

Got to get you out of my mind.

But I can't escape from the feeling.

As I try to leave the memory behind

Without you, what's left to believe in?

Be so sorry for the way it had to go, but now I feel your
presence

in a way I could not know. And I wonder do you ever
feel the same?

In this spinning darkness do you ever hear my name?

Repeat Reff

Deep in the back of your mind

Here in the back of your mind

And I've...

Repeat Reff

Deep in the back of your mind

Here in the back of your mind

Deep in the back of your mind

Here in the back of your mind
