[Yo Gotti:]

You niggaz over there part time grindin and shinin and
shit

This ya boy Yo Gotti yea

Get ya motherfuckin weight up sucker

Real hustler's don't need no sleep

[Chorus: x3]

I'm a full-time hustler, I'm full-time real (aye yo)

A full-time d-boy gettin it how I live (ya know)

I full-time grind so I full time shine and

I'm full-time strapped with a fully loaded nine

[Verse 1:]

I'm startin off my day with a tank full of gas

A clip full of hollows, a pocket full of cash

A wrist full, a ring full, a chest full of ice

And a bitch in the rental with a trunk full of white

I was ridin behind tent gettin bent at the light

Seen the laws make a left so you know I bust a right

That's the d-boy detour switchin up my route

Check ya resource invoice the bird in the drought

Got a phone full of missed calls, beeper full of codes

One eight behind a number mean they wanna have a
whole one

Fully loaded mossburg pump that'll bang ya

Full-time thug and I'm a full-time gangsta

[Chorus]

[Verse 2:]

I'm full-time switchin lanes, rims spinnin, swirvin

Full-time on the grind in the North servin

Keisha and Tameka and Shanika, Marilyn

Were full-time freaks but were part time virgins

You were so blind you couldn't read between the lines

See ya baby momma slash right was part time mine
and

I didn't really care about a part time hair

Or a part time feelins and chillen with y'all chillin

I'm a full-time pimp you a part time spouse

I just burn her brains, get them thangs, throw em' in

her house

I was out the frame, movin cane, runnin in and out
When them people came, know the game, shut ya
fuckin mouth

[Chorus]

[Verse 3:]

You a part time soldier runnin in the battlefield
Talkin loud, sayin nothin, that's how you got ya homies
killed

Full grown man with a part time plan
So you walkin round, head down, lookin for a hand
I'm a part time rapper, full-time trapper
Copped my own bricks and shit and own my own
Master's

Done the shit myself so I can get it done faster
Promised to myself that I wasn't fuckin with you actors
Full-time boss you a part time C.E.O. from never never
land

Peter Pan you's a middle man yea
Yo Gotti got the money and the power
You part time snitch and you a full-time coward

[Chorus]
