Why you talking shit about five or six shots?
Imma show you how to fuck up a whole block.
First you get an AK with the whole hundred rounds in it.
Pour up, drink. Headshot, drank. Sit down, drank. Stand
up, drank.
Pass out, drank. Wake up, drank. Faded, drank. Faded,
drank.

A lil' nigger shining like the diamonds in my watch,
Push the miles mic and turn it up a notch, gotta be.
Yellow bitch that sucks dick and take pride in,
Pussy deep and wet that I just dive in.
Pussy nigger hate fuck around and get popped,
Okay, my young niggers from the block.
Money come in all hundreds, no twenty, ten's or five's
And she ride this dick , but her license's suspended.

A nigger living reckless trying to get these stacks,
Left your bitch naked laying on her back,
'cause I don't want the pussy, I just want the head.
I pulled up in that system, made 'em turn their head.
Bitch, I'm turned up every day, big bangs are my
entrÃ©e,
Big house where my trump stay, let your car in my
driveway.
And you ain't fucking with my clique, you ain't fucking
with my hood,
You don't get it like this pussy.

Pour up, drink. Headshot, drank. Sit down, drank. Stand
up, drank.
Pass out, drank. Wake up, drank. Faded, drank. Faded,
drank.

Purple by the gallon smoking A-one crop
In the hood with my niggers on the block.
Louie bag with a crack, some cash and a nine in it,
As I heard you just gotta grind to get it.
Thank four dub g, my family and thank God,
But they aiming for the chain and the watch.
Diamonds clear like ice bitch and not a flaw in it,

Dragging dirty sprite with no parole.

The street done, got me on payroll,
my niggers down for life, faybo.
You put down the mic, you gay type homo,
I'm still the same nigger from day one, hoe.
Ain't nothing gonna change a real nigger,
And, oh, you fake, this ain't your field, nigger.
I'm good, looking for another switcher,
She trying to pop a pill, huh, I pass the liquor and say

Pour up, drink. Headshot, drank. Sit down, drank. Stand
up, drank.
Pass out, drank. Wake up, drank. Faded, drank. Faded,
drank.
