So you didn't want to listen?
You're gonna keep doin like you're doin?
Fine! Because of you, your insolence
Your incompetence, your being, because of you
EVERYONE DIES!

The world is full of pollution
We're ruining Mother Earth
We're liars, cheaters, decievers
We're burning up the truth
The world is in chaos
No one wants a planet of peace
So everyone will burn
When the world begins to cease

Because of you
Because of sin
Because of everyone
Because of you
Because you went
And killed the entire world

Because of you
All die
Everyone
All die
Everyplace
All die
Everything
All will die

The people are evil at heart
They're black in spirit and name
No one tries to piece together the parts
No one wants to make things sane
So when this world will end
Everybody shall be judged and then
People will see too late
That they're burning in hell in death

Because of you

Because of sin
Because of everyone
Because of you
Because you went
And killed the entire world

Because of you
All die
Everyone
All die
Everyplace

All die
Everything
All will die

All die
All die
All die
All die

All die
All die
All die
All will die

The world is in ruin
The people are runnin
From the lies they were formin
The truth is exposin
Every little sin
Every little word
Gluttony, greed, sloth
Envy, wrath, pride and lust

Everything
Is gone
And now
The end you will know

Because of you
All die
Everyone
All die
Everyplace
All die
Everything
All will die

Because of you
All die

Everyone
All die
Everyplace
All die
Everything
All will die

All die
All die
All die
All will die
