Shh, do you hear that sound?
It's death's sound over my shoulder, I grow colder
Here it comes now flapping down
You gotta be ready or it'll take on over
Ravage my brain and destroy my soul
Leave my heart with a fuckin gaping hole
It's invading my body, I can't even breathe
The lungs are filling with the air of misery
I can't take this pressure anymore
I gotta get rid of this somehow
Free me from my endless burdens
Before I strike with endless murders

This is my demon
Driving me insane
Somebody kill me
I can't explain
The pain! The pain!!

Now all I see is the color red
My eyes slant evil and my grin begins to spread
This isn't me talking, it's insanity
Damage my senses, destroy my reality
I see a person, but it's really a corpse
I see a path leading back to the source
Of this distress, of this arresting urge
To purge the souls of the fuckin world
Evil strikes quick in my spinal cord
My life is gone, and here's your reward
Two bullets into your brain
But it wasn't me you see, it was fate!

This is my demon
Driving me insane
Somebody kill me
I can't explain
The pain! The pain!!

So now we come to the end
Of this dark dream and the portal of death
My demon is still trapped within me

And I can't find the means to free me
From this emergency, this hurt in me
The pain and the firey words my brain believes
Somebody please put me out of my misery
Before I strike again with the anarchy
And the chaos of mind erupting
Destroy humankind and bodily function
Show me somethin that I can choose to believe
Save me now, forever hold your peace

SAVE ME!!!
SAVE ME!!!
SAVE ME!!!
SAVE ME!!!

This is my demon
Driving me insane
Somebody kill me
I can't explain
The pain! The pain!!

This is my demon
Driving me insane
Somebody kill me
I can't explain
The pain! The pain!!

This is my demon
Driving me insane
Somebody kill me
I can't explain
The pain! The pain!!

Death is calling!
Death is calling!
DEATH IS CALLING! NOW!
