Her name strikes a vision
Of beauty and of thoughtless dreams
But to me she's a demon
And she's driving me under the seams

She is a strange creature
An angel without the wings
Her halo broken, torn to shreds
Cause she's a devil underneath

Her name is ringing in my ears
Her sound of her voice
It can't escape my brain

Fabiola
Why the hell did you reveal
Yourself to me
I thought you were good
But you were danger underneath
Why did you have to tell me so
It's not the way it should have been
You were such a nice girl

People all around me say
She's a flower blooming a happy seed
But inside I know the deep
Dark truth that leads to misery

I know she's a horror to
Behold to the naked eyes of man
You can't accept that under
That white light her soul is black

Her name is ringing in my ears
Her sound of her voice
It can't escape my brain

Fabiola
Why the hell did you reveal
Yourself to me
I thought you were good

But you were danger underneath
Why did you have to tell me so
It's not the way it should have been
You were such a nice girl

So please when you see her
The devil of Delima
Don't you dare call her sweet
Cause she's a hellion underneath
So tell me now when you look upon her
Tell me what she says about me
Am I the beast to behold
It's you, It's you
It's you I know!

Fabiola
Why the hell did you reveal
Yourself to me
I thought you were good
But you were danger underneath
Why did you have to tell me so
It's not the way it should have been
You were such a nice girl

Fabiola
Why the hell did you reveal
Yourself to me
I thought you were good
But you were danger underneath
Why did you have to tell me so
It's not the way it should have been
You were such a nice girl

Her name keeps ringing in my ears
Her name keeps ringing in my ears
Please tell me why
Why?
Why?
