I can tell by the way you smile I can feel it in your touch
and I knew this heart of mine this time would fall in
love... hmmmmm

All the hopes and promises given and the pain that life
can bring will build a willing commitment to face
anything

chorus

I will love you faithfully, forever unconditionally and my
love I promise everything I have is yours, you're
everything I prayed and waited for and my love I
promise you.

Now we began our lives today and though we've only
just begun, the rest until we're old and gray, is the vow
to live as one (one)

chorus

I will love you faithfully, forever unconditionally and my
love I promise everything I have is yours, you're
everything I prayed and waited for and my love i
promise you.

Bridge

Through the desert winds that blow, I'll walk you
through the wind and cold, I'll be there to keep the fire
alive and when each passage we endure we will stay
strong we can be sure our love survive

musical interlude

and my love I promise, everything I have is yours,
you're everything I prayed and waited for and my love I
promise that I will love you faithfully, forver
unconditionally and my love I promise you.

yeah I promise you, I'll love you forever and ever, yeah
I promise you. I'll love you forever and ever, I promise
you, I'll love you forever and ever.
