When I think about how you saved my soul
I'm compelled to praise you
Like a woman out of control
So I lift up holy hands
I take advantage of this chance to say thank you
When I think about what you brought me through
I'm reminded to praise you for all that you had to do
So I lift up holy hands
I take advantage of this chance to say thank you
So from the bottom of my heart I say

Thank you, Thank you, Thank you

When I think about where you brought me from
I gotta praise you like the victories already won
And I lift my hands
I take advantage of this chance to say thank you
When I think about oh Lord yes
Why you love me so
I'm compelled to praise you because
I really don't care whose looking and who knows that I
love you
And I lift up my holy hands
I take advantage of this chance to say thank you
Oh, everyday of my life I just wanna say
Thank you, (Thank you Lord)
Thank you, (I gotta thank you)
Thank you, (Because of who you been to me)
Thank you, (You been a shealter in the storm)
Oh and I Thank you
You been a rock that I can stand on Thank you Lord
And I say Thank you
You been a bridge over any kind of water
I gotta say Lord I thank you
With all my heart with all my soul
Everything within me says thank you Lord
Thank you Lord
Lord I thank you, Lord I thank you, Lord I thank you
For all you done to me
Thank you Lord
Theres no words that I can say but you been good
I can't thank you enough no no no no no

Thank you Lord (I just wanna thank you)

I wanna thank, I wanna thank you

I gotta thank you, just wanna thank you

I thank you yes, I thank you yes, I thank you yes, I thank
you yes

And I say.....I wanna thank you

Said Lord I thank you yes

Thank you
