And how I love to glow
Oh, grace!
I'm too open, to close
Too much alcohol
Few hour calls makes our time worth more
Different records play
Pretty loud but they never sound the same
Different records play
Pretty loud but they never sound like you
Everything will be okey
As long as we're not apart

Everything will be .. okey

Everything will be .. okey

Everything will be .. okey

Everything will be .. okey

Everything will be .. okey

Everything will be .. okey
