Big sky looked down on, all the people looking up at the
big sky
Everybody pushing one another around
Big sky feels sad when he sees the children scream
and cry
But the big sky's too big to let it get him down

Big sky too big to cry
Big sky too high to see
People like you and me

One day we will be free, we won't care, just you see
Till that day can be, don't let it get you down
When I feel that the world is too much for me
I think of the big sky and nothing matter much to me

Big sky looked down on all the people who think they
got problems
They get depressed and they hold their head in their
hands and cry
People lift up their hands and they look up to the big
sky
But big sky is too big to sympathize

Big sky's too occupied
Though he would like to try
And he feels bad inside
Big sky's too big to cry

One day well be free.
We won't care, just you wait and see
Till that day can't be, don't let it get you down
When I feel that the world is too much for me
I think of the big sky and nothing matters much to me
