I once held her in my arms
She said she would always stay
I must have been mad
I never knew what I had

I threw it all away
I threw it all away

Once I had mountains
In the palm of my hand
And rivers that ran
Through every day

But what would I do?
I'd let it slip through
I threw it all away
I threw it all away

Love is all there is
It makes the world go round
Love and only love
It can't be denied

No matter what you think about it
You won't be able to do without it
Take a tip from one who's tried

So if you find someone
That gives you all of her love
Take it to your heart
Don't let it stray

One thing for sure
There ain't no cure
If you throw it all away
If you throw it all away
