Never read Proust
Seems a little too long
Never used the hammer
Without somehow using it wrong
I've got time on my hands
That I can't wash off
I'm cruising..
I cant shake this car
Walls are closing in
They often do
I'm seeing double and triple
Does this ever happene to you?
I don't have to make it rain

But I never argue a proven review

Never wear a helmet
when I'm riding a bike
Never recall a face
to me they all look alike
I've got a hole in my brain
where what I meant to say lives
I'm live in the past
And give back gifts and gifts
Walls are closing in
They often do
I'm seeing double and triple
Does this ever happene to you?
I don't have to make it rain
But I never argue with a proven view

(solo)

Sometimes
In the future tense
I hope that you were safer
Put up an electric fence
Then only then
We can all get along
Get it down in writing
Judge Judy tell me if I'm wrong
Walls are closing in

They often do
I'm seeing double and triple
Does this ever happened to you?
I don't have to make it rain
But I never argue with a proven view
