Do you need someone to hide behind
Well I don't mind
I don't mind
Do you need to be alone to unwind
Well that's alright
That's alright
Sure I know its hard
But know that it's that way for everyone
For every one
Something goes wrong
You sink so low you even blame the sun
You blame it as the cause
Of the shadows on the wall
They're not as bad as they appear
Could it be
that it's the season of the shark

Do you need someone to help you through
Well I don't know
I don't know
Someone to take questions for you
I don't know
I don't know

I want to be
The one to make you feel okay right now
Some way, some how
When I fall short
I sink so low that I even blame the clouds
For blocking out the sun
And the shadows on the wall
That's why you feel alone

Could it be that it's the season of the shark?

Please don't be afraid
No matter how much out there scares you so
Scares you so
Just look around
If it's not me then someone else you know
You're not alone at all
Ignore the shadows on the wall

They don't mean a thing
Could it be that it's the season
I believe that it's the season
of the shark

Could it be that it's the season of the shark
