### "Years With Rose"

It's been too many years with only memories  
Looking back through the years with my Rose  
Back on the past, Lord Almighty she went fast  
That same old Sunday kind of comes and goes  
Same old Sunday kind of comes and goes

It's been too many days in this old rocking chair  
Looking back down the road and 'round the bend  
Hoping that I'll see her coming slowly 'round the bend  
She coming with her suitcase up the lane  
Strollin' with her suitcase up the lane

It's been too many nights in this old house alone  
Talking back to myself in such a way  
Hoping that I'll hear her gently answering me "Dear"  
When she whispers in my ear she's gonna stay  
Whispers in my ear she's gonna stay
