Maybe the sky's falling out around the babies  
Maybe the world is going to spin out of control  
I don't care anymore  
What if I quit today working for the man  
Who said I have another, well, maybe I can  
its all gonna end anyway  
Tell me, doctor, what's the cure, for the wicked man's  
blues?

Fly Dragonfly  
Fly Dragonfly  
Fly Dragonfly  
Fly Dragonfly

When the sky falls to the seas  
I won't mind  
The cause is me  
When the wind blows through the trees  
I want to ride  
The dragonfly

Fly Dragonfly  
Fly Dragonfly

When I come  
Give me a beat  
and take my advice  
Just let me be

When the moon turns black as night  
When it erupts  
Oh, dragonfly

\*guitar solo\*

Don't takes so long  
I'll be here before you know  
See you in my mind's eye  
Fly, fly dragonfly

Fly Dragonfly

Fly Dragonfly  
Fly Dragonfly
