You find goodness in the honey, like a new found energy

like the way we live and the way we breathe

our ultimate existence, the backbone of my children

come from the honeycomb, where they will be the

diving bird

to find the Yirrikyirrik.

Lupthuwa garinydjingu. Malaypa Dalngadalnga,

Gurrangarr rambarrparr.

Ngayiwuy Ngulupambuy.

Where there is flowers, you will surely find the bees humming and a'buzzin, making sweetness everyday.

We must be like the bees, make the world a better place

map the way and shape the clay, in many ways we can.

Lupthuwa Garinydjingu. Malaypa Dalngadalnga. Yothu dhuwanma gurrurwiya.
