Coming out of the water  
Back to middle now  
Hope for the future  
Hope for the future now  
Get it right this time, poor boy  
While the wind is a blowing  
You got inside information  
Hope for the future now

And we will sing and dance  
Under the honey sun  
For ever and ever  
Day by day

Over there in the distance  
Down by the sea gull dreaming  
The boys are all gathered  
For the singing and dancing  
The old man is singing  
And the sound of the bilma  
Is taking me higher  
Higher and higher

And we will sing and dance  
Under the honey sun  
For ever and ever  
Day by day.

And we will sing and dance  
Under the honey sun  
For ever and ever  
Day by day.

Coming out of the water  
Back to middle now  
Hope for the future  
Hope for the future now  
Get it right this time, poor boy  
While the wind is a blowing  
You got inside information  
Hope for the future now

And we will sing and dance  
Under the honey sun

For ever and ever  
Day by day
