Let me tell you a tale of something I thought I'd never
see
If it's ok with you I wanna take you away, we can fly and
hide
And the lies that I say ain't gonna torture my pride no
more
Coz it's hurt that I lock up and discard and it eats me
away
Sometimes breathings too hard
(that pain behind eyes no-one describes)
Does it sting when I cry? does it tear you apart?

You know I'm destined to fail, you know I'm destined to
plead
Do you even know that it kills me:-
To see you cry, to hear you scream
To know not why I'm killin' your dreams?

You know I'm crazy in love with you
Please know I'm crazy in love with you

Each second without holdin' your hand dries cracks in
my soul
Jus' fill them with sand and then cast me away, let me
drift, let me stray
No doubt I'll find my way back to you
Your heart's what I need (my body, my mind) burn for
you
They'll gut me in time, then tear at my seams (fuelling
my greed)
Your hearts what I need, but if not just let me bleed

Be peaceful they say but they won't stop shouting at
me
'Those cracks in my soul - how deep can they be?'
But the windmills still turn (they drive me insane)
Will I never learn nothing but pain

Still I'm crazy in love with you
I'm crazy in love with you

Please darlin' don't hate me if I want you to stay
Please darlin' don't hate me if I have to go
Please darlin' just want me like the way I want you
