Been living underwater  
But I sure dug the sea  
But no-one could hear me out  
When I leaned back to scream

Coming through the shelves, to live in the dirt  
To keep from the sun, to keep from getting hurt  
Gettin' gone

You got a lot to learn  
Ah, got a lot to learn from getting  
Gone, gone, gone

Been feeding on contributions  
From the folks on the bridge  
Throw the scraps on out  
When they need a trip

So I flap my tail and give a high-pitched squeak  
Just so they could leave me in between the rocks to  
sleep  
Gettin' gone

I wasted so much time that I  
Oh, wouldn't swap the line of getting  
Gone, gone, gone

You got a lot to learn  
Ah, got a lot to learn from getting  
Gone gone gone

I don't know where the sadness starts  
'Cause I'm so happy I could die  
Just give me long enough to live  
Yeah, and it's only when I fly

I wasted so much time that I  
Oh, wouldn't swap the line of getting  
Gone, gone, gone

You got a lot to learn  
Ah, got a lot to learn from getting

Gone, gone, gone
