=====

You Am I - You've Been So Good To Me So Far

=====

I was doin' all the things which I used to hate the worst  
I was listenin' to Joni Mitchell and I was tucking in my  
shirt

I smiled like a puppy dog who's scratching all his fleas  
And it itched right down to the bone and it wouldn't  
even hurt

There's times that I remember yeah and there's the  
things that I forget

Like the colour of your eyes and the time that we first  
met

But I always take the time out and it's a hurtin' more  
and more

To feel my heart jump out of my chest when I'm  
knocking at your door

For a big old dog he sure acts like a cat  
The more you wanna play the more he'll scratch back  
Oh, oh oh oh

As sweet as you've been it just don't add up  
And I'm drinking sweet bubbles from a paper cup  
I know who you and you've been so good to me so far

Forgot my girlfriend's not even washed her hair  
And I did all that couple stuff and I pretended that I  
cared  
And I smiled like a twelve year old who wanted to stay  
'round  
After all the after dinner drinks had been put down

Eight is enough but nine's too much  
You ran thru me like an interstate truck  
Oh no, oh oh no  
If I've been such a lightweight  
Why can't I just be blown away from  
Who you are and you've been so good to me so far

You can call and I won't cry  
I just can't find the reason why  
I know who you are and you've been so good to me so  
far

I've been doing all those things which I never did at all  
And you sure would laugh if you hear the crap I talk  
But I never saw it coming I just couldn't see that  
morning rain  
That soiled all that clothes that I left hanging out again

You can call and I won't cry  
I just can't find the reason why  
I know who you are and you've been so good to me so  
far

You can call and I won't cry  
I just can't find the reason why  
I know who you are and you've been so good to me so  
far

You've been so good to me so far You've been so good  
to me so far
