I'm walkin' to the sound,
The blood that moves around inside me.
The beat drops in my heart,
Below my feet the stars can lift me.

The lanes are all clear
I've always dreamed that I'd be here,
But this seems too weird.

So close I can taste it,
I've waited all my life (for this)
And I don't wanna waste it,
I've chased this all my life (I'm so close)

This town will test your fate,
Will put you in your place and leave you.
Where everyone's a name
And everything's a game of who's who.

The cards are in play.
I'm sitting on a hand
That no one can take away.

So close I can taste it,
I've waited all my life (for this)
And I don't wanna waste it,
I've chased this all my life (I'm so close)

So close, so close,
I've been so close all my life.

I been needin', I believe that
I'll find a way somehow, all my life.

The lanes are all clear
I've always dreamed that I'd be...

So close I can taste it,
I've waited all my life (for this)
And I don't wanna waste it,
I've chased this all my life (I'm so close)

All the ways I've been shut out
Yeah, I've been lost and found,
The tears and the breakdowns
Have made me stronger now

I been needin', I believe that
I'll find a way somehow, all my life.
