Try to maintain control
You're losing your mind
Maintain your anger
You're ripping everyone apart
Try to forget your sins
You're taking them out on us
Forget your hatred
You're bruising everyone up

Try not to lose your grip
You're slipping away in hatred
Don't lose yourself
You're drifting away in sins
Try to love again
You're tearing love out
Don't question your answers
You're doing it all wrong

Anger hit you
Hit you right in the face
Anger changed you
Changed the way you act
Anger stalked you
Stalked you - gone mad
Anger striked you
Striked you where it hurts

Anger's trying to take over you!
Anger's trying to take over you!

Anger hit you
Hit you right in the face
Anger changed you
Changed the way you act
Anger stalked you
Stalked you - gone mad
Anger striked you
Striked you where it hurts
