I fight until I can't fight anymore

Hate. agony. fear.

I fight until I can't fight anymore

You bastards are the ones who forgot about me  
Believing you are the ones who thought they knew it all  
You've driven me out of control and now I want to make  
you pay  
I can see the fear in your eyes  
You didn't expect to see me again  
You better run  
You better hide  
I'm not in a great mood

Hate. agony. fear.

I fight until I can't fight anymore

Hate. agony. fear.

You bastards are the ones who forgot about me  
Believing you are the ones who thought they knew it all  
You've driven me out of control and now I want to make  
you pay  
I can see the fear in your eyes  
You didn't expect to see me again  
You better run  
You better hide  
I'm not in a great mood

Hate. agony. fear.

I fight until I can't fight anymore
