I fell into a daze
My head's spinning in a maze
You couldn't stay
But I will still swing your way
I'm alive but only I feel dead
I'm sorry, but I've got to clear my head
From all of these thoughts
The whos, whats, can and nots
Every time I close my eyes, I feel blind
I didn't stop to think, I wish I could only rewind

I'm sorry but this is the way it has to be
I'm sorry that this is the vision I see
I really want it to be you and me
But there is a lock and we need to find the key

I fell down the stairs
But it seems like you don't care
I wanted you to stay
But you couldn't handle me every day
I'm still awake but only I feel asleep
I'm sorry but I feel I need to weep
About all of these thoughts
The whos, whats, cans and nots
Every time I close my eyes, I feel blind
I never stopped to think, I wish I could only rewind

I'm sorry but this is the way it has to be
I'm sorry that this is the vision I see
I really want it to be you and me
But there is a lock and we need to find the key

Don't worry now
One day, we will be at this again
Don't worry now
One day we will be together again
I'm sorry
One day this will be whole again

I'm sorry but this is the way it has to be
I'm sorry that this is the vision I see

I really want it to be you and me
But there is a lock and we need to find the key
