(Because that's the way I feel)
She knows I can change for her
(Because this is how it feels)
I'm putting the past back behind me
(Because this is tearing me apart)
Knowing that she might not come back
(She's the reason I breathe)
I'm losing sleep over this

She's the reason I breathe
She knows what she's doing to me
She will always be there for me
Deep down in my soul
I know how I feel now
She's the one for me
I can't live without her
She will be there forever with me
Deep down in my soul

I know one thing for sure
I love her so
If you tell me otherwise,
I think I, I think I might
Cry in front of you
She's the one I dream about
Deep down in my soul

She's the reason I breathe
She knows what she's doing to me
She will always be there for me
Deep down in my soul
I know how I feel now
She's the one for me
I can't live without her
She will be there forever with me
Deep down in my soul

She's the reason I breathe
She knows what she's doing to me
She will always be there for me
Deep down in my soul
