Everywhere I go it always
Seems like you are there with me
In my bed, in my head
In my closet, in my shower
You are always on my mind
I can't describe my love
You are everywhere
No matter where I go

Miami to Los Angeles
Vancouver to Charlottetown
It doesn't matter where I go
It will always seem like you're there with me
How can I describe how I feel?
I can't even put it into words

Could there be something wrong with me?
I barely even know you
I can't help it, can't forget you
I love you, I want you
I don't ever want to forget you
I can't describe my love
You are everywhere
No matter where I go

Miami to Los Angeles
Vancouver to Charlottetown
It doesn't matter where I go
It will always seem like you're there with me
How can I describe how I feel?
I can't even put it into words

I can't describe anything
Not my love, not my feelings
Not my dream, not my life
This must be destiny

Miami to Los Angeles
Vancouver to Charlottetown
It doesn't matter where I go
It will always seem like you're there with me

How can I describe how I feel?
I can't even put it into words

(This must be destiny...)

Miami to Los Angeles
Vancouver to Charlottetown
It doesn't matter where I go
It will always seem like you're there with me
How can I describe how I feel?
I can't even put it into words
