Why am I here?  
Why am I in this world?  
Do all questions have answers?  
Do all humans have blood?  
What is the sky?  
What is the sun?  
Where is the moon?  
Where are the stars?  
When is it my turn?  
When can I die?  
Who are you?  
Who am I?  
How do I know?  
How can I tell?  
Is this world filled with questions?  
Is this world all answers?  
Can I drink your blood?  
Can I eat your bones?  
Am I allowed to ask these questions?  
Am I allowed to wonder why?  
Why are you here?  
Why are you in this world?  
Do you answer all your questions?  
Do you have blood?  
What is the moon?  
What is the sky?  
Where is the sun?  
When is it your turn?  
When can you die?  
Who is he?  
Who is she?  
How do they know?  
How can they tell?  
Is this world filled with answers?  
Is this world all questions?  
Can you drink my blood?  
Can you eat my bones?  
Are you allowed to answer these questions?  
Are you allowed to wonder why?  
Did I confuse you?  
Did I hurt your mind?

Are you asking me?  
Are you asking yourself?  
Did you answer these questions?  
Where did you go?  
Where did you die at?  
Why is it all true?  
Is this a world of answers?  
Is this a world of questions?
