Now I know I'm not the coolest guy in the world
And I know I'm not the smartest man on Earth
Now I know I'm not the hottest guy from them all
And I know I'm not the richest man of all

Can you give me a chance?
I only want one chance
I can't be just like them
I don't have it all
I can't be just like them

There's just something about you that drives me crazy
There's just something about you that fills in the gaps
I just feel breathless when I see you
My heart beats harder when I see you

Now I know I'm not the tallest guy in the world
And I know I'm not the nicest man on Earth
Now I know I'm not the strongest guy from them all
And I know I'm not the bravest man of all

Can you give me a chance?
I only want one chance
I can't be just like them
I don't have it all
I can't be just like them

There's just something about you that drives me crazy
There's just something about you that fills in the gaps
I just feel breathless when I see you
My heart beats harder when I see you

Can you give me a chance?
I only want one chance
I can't be just like them
I don't have it all
I can't be just like them

Can you give me a chance?
I only want one chance
I can't be just like them

I don't have it all
I can't be just like them
