All day I've been thinking
About what I've done wrong
What I said,
Did that hurt you or is it just me?
Could it be the cause of it?
Will it be okay if I see you one last time?

Can I see you?
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?

I just want to be with you
Can I take your hand once again?
Can you forgive me for what I've done?
Every day that passes us by I think about you all day
And everynight I dream a sweet dream about you
I'm sorry for what I've done
I promise I won't do it again
I'd hit myself for you and I'd beat myself up
Just to see you one last time

Can I see you?
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?

I'm sorry, I know I was wrong
I am sorry for everything I've done
I need you, I miss you
Can I see you one last time?

Can I see you?
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?

I can't sleep without you here

You're the only thing on my mind
Everything is hollow without you here
I only need to see you one last time

Can I see you? (One last time)
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?
(Want to see you one last time)
Can I see you? (One last time)
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?
(Want to see you one last time)
Can I see you? (One last time)
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?
(Want to see you one last time)
Can I see you? (One last time)
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?
(Want to see you one last time)
Can I see you? (One last time)
I can feel you deep down inside my heart
Will you be back soon?
Will it be forgotten?
Can I see you one last time?
(Want to see you one last time)
