I'm nothing but a liar  
Light a match and set me on fire  
I'm nothing but a liar  
Pour some gas and make it higher  
Set me on fire  
Make it higher

Set me on fire  
Make the flame higher  
Let me burn  
It's what I earned

Just set me on fire  
Make the flames higher  
Set me on fire  
Make the flames higher  
Just let me burn  
It's a lesson I need to learn  
Let me burn  
It's a lesson I need to learn

Teach me a lesson I need to learn  
Set me on fire and let me burn  
Teach me a lesson I need to learn  
Pour gas on me; it's what I earned

Set me on fire  
Make the flame higher  
Let me burn  
It's what I earned

Just set me on fire  
Make the flames higher  
Set me on fire  
Make the flames higher  
Just let me burn  
It's a lesson I need to learn  
Let me burn  
It's a lesson I need to learn

I'm nothing but a liar

Light a match and set me on fire  
I'm nothing but a liar  
Pour some gas and make it higher  
Set me on fire  
Make it higher

Set me on fire  
Make the flame higher  
Let me burn  
It's what I earned

Just set me on fire  
Make the flames higher  
Set me on fire  
Make the flames higher  
Just let me burn  
It's a lesson I need to learn  
Let me burn  
It's a lesson I need to learn

Just set me on fire  
Make the flames higher  
Set me on fire  
Make the flames higher  
Just let me burn  
It's a lesson I need to learn  
Let me burn  
It's a lesson I need to learn
