Not living the life of an normal human being  
Not living the time of any normal anything  
My life is like I am living in a cage  
I don't get to eat the same food as you  
To my family, I am like an animal  
They say I am not like them  
I didn't do anything wrong  
I feel like a bat  
I feel so upside down

I wish I could be like the rest of you  
I wish I could eat the same food as you  
Take my upside down life and please flip it around

I couldn't go to school  
I don't know the difference between right and wrong  
My family doesn't give a rat's ass about me  
My life is so upside down  
Please flip it around

I'm not allowed to have lights  
I'm not allowed to eat right  
I'm not allowed to have water  
I'm not allowed to have heat  
I can't even read or write  
I don't even know how to spell my name  
I can't remember the last time I ate

My life would probably be better if I were dead  
I could probably live a better life  
It would be better if I were dead  
I can't remember if that's what I already said

This is my upside life  
I think I should end it with a knife  
It's so upside down  
I want a real goddamn life  
A real fucking life

My life would probably be better if I were dead  
I could probably live a better life

It would be better if I were dead  
I can't remember if that's what I already said

My life would probably be better if I were dead  
I could probably live a better life  
It would be better if I were dead  
I can't remember if that's what I already said

Upside down...
