She's sorry it never turned out right
She's crying, his tears tell his sorrow
She's moving, starting his life all over
She's wanting all his dreams to come true
All his dreams to come true

She's willing to make the change
Her choices, emotions and pain
She's willing to sacrifice
Her freedom, belongings and fame

She wants it all again
No more media,
No more chasing fame
She wants it all again
No more gambling,
No more partying
She wants it all again

She's seeing his future fade away
She's trying to take all the blame
She's stopping all of his partying
She's sorting out his life again
Out his life again.

She's willing to make the change
Her choices, emotions and pain
She's willing to sacrifice
Her freedom, belongings and fame

She wants it all again
No more media,
No more chasing fame
She wants it all again
No more gambling,
No more partying
She wants it all again

(She wants it all again)

'Cause everything she's done and everything she'll do

Doesn't matter anymore
I only want the best for her
I only want the best for her
She deserves the best for her
She deserves everything

Everything she's done and everything she'll do
Doesn't matter anymore
I love her so and want her to know
If she comes looking for me
I'll be right here waiting (right here waiting)
