They think they're cool  
Think they look real nice  
They think they are part of the crew  
Think they look clean  
They think people wanna hang  
Think they are slick  
But, they're not because...

They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)

They're so gross  
Their hair looks greasy  
(Looks greasy)  
Their brow looks uni  
(Looks uni)  
Unibrows and mullets  
Goddamn they're gross

They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)

They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets  
(Unibrows and mullets)  
They have unibrows and mullets

(Unibrows and mullets)

They should shave the middle of their brow and make  
it two

Cut off the bottom of their mullet and make it a Crew  
Because...

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

Because

(Because)...

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

They have unibrows and mullets

(Unibrows and mullets)

(Unibrows and mullets)
