Every time, be every time,
Every time, be every time here with you
My darling, my darling, my darling!

Chorus:

Every feel that I have is for real,
Like I'm dying for you, dying for you!
Every touch isn't enough
Like I'm dying for you, dying for you!

I wanted you since this first day
And I wanted, just forget what's behind!
If you want to come down, I'll be next to you!
If you need some of our love, baby, I'll be next to you!
I will show you how, I'll be next to you!
... don't give up, baby! I'll be next to you!

Chorus:

Every feel that I have is for real,
Like I'm dying for you, dying for you!
Every touch isn't enough
Like I'm dying for you, dying for you!

Every time I promise I'll stay here with you,
For loving you, boy!
Every time I kept you I really missed it just another day.
I'll be showing you babe, I'm loving you babe
We want for this time... still be...
You know you're a part of me and my life
I will care for you, baby loving you right!
You'll be there for me, I'll be there for you,
I will care for you, and you will care for me!
And what we have is for eternity!

Chorus:

Every feel that I have is for real,
Like I'm dying for you, dying for you!
Every touch isn't enough
Like I'm dying for you, dying for you!

Every time I promise I'll stay here with you,

For loving you, boy!
Every time I kept you I really missed it just another day.
Every time, be every time here with you!
My darling, my darling, my darling!

Chorus:

Every feel that I have is for real,
Like I'm dying for you, dying for you!
Every touch isn't enough
Like I'm dying for you, dying for you!

Every time I promise I'll stay here with you,
For loving you, boy!
Every time I kept you I really missed it just another day.
