Have you ever  
Felt like you could do better  
You have to use your umbrella inside  
You have to keep your eyes open at all times  
Have you ever  
Made a mistake that you regret  
Don't say you never  
You can't play a player  
Oh we all wish you the best

And I'll wait for this to blow over  
I'll take some time to recover  
I'm okay, you okay, we okay now  
I'm okay, you okay, we okay now

You and all your morals  
Worry about them tomorrow  
Double standards through the roof  
You're sitting on the top  
About to fall through  
And you always bring me down  
Even though I  
Carry the flag around  
Wanna talk like adults now?  
And hey there little friend  
Here's some things I never said

And I'll wait for this to blow over  
I'll take some time to recover  
I'm okay, you okay, we okay now  
I'm okay, you okay, we okay now

And I'll wait for this to blow over  
I'll take some time to recover  
I'm okay, you okay, we okay now  
I'm okay, you okay, we okay now

And I'll wait for this to blow over  
I'll take some time to recover  
I'm okay, you okay, we okay now  
I'm okay, you okay, we okay now

And I'll wait for this to blow over  
I'll take some time to recover  
I'm okay, you okay, we okay now  
I'm okay, you okay, we okay now
