I guess now is a good time to tell the truth  
The pedigree I carry will swallow you  
I am not what you are  
I am flawless in every way  
Birds eye view  
I'm watching you

Sad sad sight for the sore sore eyes and a headache  
for the weakest of  
minds  
you got the boys the boys all tongue tied, but I know  
they're wasting  
their time  
Go  
Go

You can be the ghost in my hall  
You can be the smile I don't want  
I will be the fly on your wall  
You can be the distance in between  
You can be everything I need  
You will be the girl I don't call

Oh just imagine what I thought when I opened up that  
door  
It was a million things to one  
and Oh just imagine what they'll think  
When they see me lead you north  
hell they'll be loosing sleep

you're wrong  
Wrong

You can be the ghost in my hall  
You can be the smile I don't want  
I will be the fly on your wall  
You can be the distance in between  
You can be everything I need  
You will be the girl I don't call

It's so wrong  
So wrong

It's so wrong

You can be ghost in my hall  
You can be the smile I don't want  
I will be the fly on your

You can be ghost in my hall  
You can be the smile I don't want  
I will be the fly on your wall  
You can be the distance in between  
You can be everything I need  
You will be the girl I don't call

Jealous minds think alike  
but you're a damn damn tie  
I'm wasting all my time  
You are in love
