you're not on my list of things to do  
cause i've already done you  
and i'm protective  
it's secure  
and only when it suits you  
and this is all in vein  
can these words explain?

desperate minds mean desperate measures  
you gotta get this one together  
you're young and in love  
that should be enough, ohh

at least you'll have nice thoughts of me  
when i'm cheating on you in your dreams  
i told you before, my closets clean  
and that these bones don't belong to me  
try this one for size  
try me one more time  
you hold me down  
by keeping me around

desperate minds mean desperate measures  
you gotta get this one together  
you're young and in love  
that should be enough

desperate minds mean desperate measures  
you gotta get this one together  
you're young and in love  
that should be enough

you hold me down  
by keeping me around  
and no-one takes me home  
no-one take me home

you hold me down  
by keeping me around  
and no-one takes me home  
no-one take me home

desperate minds mean desperate measures  
you gotta get this one together  
you're young and in love  
that should be enough
